A Valuable Loss Prevention Tool

PCAT University (www.pcatuniversity.org) is a web-based training resource available exclusively to PCAT members. The site offers free online resources that will save your school time and money by providing valuable training and educational materials relevant to your workplace.

WEB-BASED TRAINING

Online training modules for employees are available 24/7 – at no cost – a potential savings of thousands of dollars a

year in training costs.

- **Preventing Workplace Sexual Harassment**
- **Preventing Workplace Discrimination**
- **Preventing Wrongful Termination**
- **Promoting Ethical Behavior**
- **Promoting Child Safe Environments**

UP-TO-DATE INFORMATION AND EXPERT COMMENTARY

Topics include:

- Best practices for employment practices and child protection
- Leadership and management skills
- Healthy lifestyle and safety
- Exclusive articles written for schools

STUDENT PROTECTION ZONE

The Student Protection Zone helps schools protect students from bullying, cyberbullying, hazing, harassment, sexual abuse and other risks. The Student Protection Zone is a first-of-its-kind functionality that provides weekly education, expert commentary and state-specific reference information.

KNOWLEDGE VAULT

- **Library and checklists** – Thousands of articles covering vital workplace issues, grouped

according to topic, as well as self-audit checklists

- **Links** to important federal and state government web sites
- **Model Handbook** – Over 95 model policies on workplace issues ranging from Equal Employment Opportunity to Social Media (Certain key policies are available in English and Spanish.)
- **Loss Scenarios** – Examples of situations that have caused liability for organizations like yours

MY WORKPLACE

This part of the site can be set up to communicate information and policies to the employees of an organization registered on **PCAT University**.

CONTROL PANEL

This feature allows the site administrator to adapt the site to match the needs of his/her organization:

- Add or recruit additional users
- Change default training settings
- Upload organization's own employee policies into training modules
- Monitor training progress of the organization's registered users and download training reports
